### 1. **INTRODUCTION**

These Information Disclosure documents are submitted by OtagoNet Joint Venture pursuant to Part 4 of the Commerce Act 1986 in accordance with:

- The Electricity Information Disclosure Determination 2012, (Consolidated in 2015), issued 24 March 2015,
- □ The Electricity Distribution Services Input Methodologies Determination 2012 (Consolidated in 2014), issued 30 March 2015.

### 2. INFORMATION DISCLOSURE DISCLAIMER

The information disclosed in this Information Disclosure package issued by OtagoNet Joint Venture has been prepared in accordance with the Determination listed above.

The Determination requires the information to be disclosed in the manner it is presented.

The information should not be used for any other purposes than that intended under the Determination.

The financial information presented is for the electricity distribution business as described within the Determination.

Due to rounding and automatic calculations in the spreadsheets there may be minor summing variances.

### 3. SCHEDULES

	Company Name OtagoNet Joint Venture										
	For Year Ended 31 March 2016										
	CHEDULE 1: ANALYTICAL RATIOS										
int dis	s schedule calculates expenditure, revenue and service ratios from the information erpreted with care. The Commerce Commission will publish a summary and analysis closed in accordance with this and other schedules, and information disclosed und s information is part of audited disclosure information (as defined in section 1.4 of	of information disc er the other requirer	losed in accordance nents of the determin	with the ID determin ation.	ation. This will inclu	ide information					
sch r	ef										
7	1(i): Expenditure metrics										
8		Expenditure per GWh energy delivered to ICPs (\$/GWh)	Expenditure per average no. of ICPs (\$/ICP)	Expenditure per MW maximum coincident system demand (\$/MW)	Expenditure per km circuit length (\$/km)	Expenditure per MVA of capacity from EDB- owned distribution transformers (\$/MVA)					
9	Operational expenditure	15,287	428	97,680	1,417	36,168					
10	Network	10,374	291	66,291	962	24,545					
11	Non-network	4,912	138	31,389	455	11,622					
12											
13	Expenditure on assets	29,680	831	189,651	2,751	70,221

sc	HEDULE 6b: REPORT ON OPERATIONAL EXPENDITURE FOR THE DISCLOSURE YEAR		
	schedule requires a breakdown of operational expenditure incurred in the disclosure year.		
	s must provide explanatory comment on their operational expenditure in Schedule 14 (Explanatory notes to templates). This includes explanatory comm	nent on any atypical o	perational
	enditure and assets replaced or renewed as part of asset replacement and renewal operational expenditure, and additional information on insurance.		
This	information is part of audited disclosure information (as defined in section 1.4 of the ID determination), and so is subject to the assurance report req	uired by section 2.8.

## SCHEDULE 14 MANDATORY EXPLANATORY NOTES

- 1. This schedule requires EDBs to provide explanatory notes to information provided in accordance with clauses 2.3.1, 2.4.21, 2.4.22, and subclauses 2.5.1(1)(f), and 2.5.2(1)(e).
- 2. This schedule is mandatory—EDBs must provide the explanatory comment specified below, in accordance with clause 2.7.1. Information provided in boxes 1 to 12 of this schedule is part of the audited disclosure information, and so is subject to the assurance requirements specified in section 2.8.
- 3. Schedule 15 (Voluntary Explanatory Notes to Schedules) provides for EDBs to give additional explanation of disclosed information should they elect to do so.

### Return on Investment (Schedule 2)

4. In the box below, comment on return on investment as disclosed in Schedule 2. This comment must include information on reclassified items in accordance with subclause 2.7.1(2).

Box 1: Explanatory comment on return on investment

OtagoNet achieved a post-tax WACC of 5.93% slightly below the 75th percentile estimate of post-tax WACC of 6.09% and 6.58% vanilla WACC slightly below the 75th percentile estimate of vanilla WACC of 6.74%.

No items were reclassified.

### **Regulatory Profit (Schedule 3)**

- In the box below, comment on regulatory profit for the disclosure year as disclosed in Schedule
   This comment must include-
  - 5.1 a description of material items included in other regulated income (other than gains / (losses) on asset disposals), as disclosed in 3(i) of Schedule 3
  - 5.2 information on reclassified items in accordance with subclause 2.7.1(2).

Box 2: Explanatory comment on regulatory profit

Included in other regulated income is an amount of \$528k for TransPower Losses and Constraints.

No items were reclassified in the disclosure year.

### Merger and acquisition expenses (3(iv) of Schedule 3)

- 6. If the EDB incurred merger and acquisitions expenditure during the disclosure year, provide the following information in the box below-
  - 6.1 information on reclassified items in accordance with subclause 2.7.1(2)
  - 6.2 any other commentary on the benefits of the merger and acquisition expenditure to the EDB.

Box 3: Explanatory comment on merger and acquisition expenditure

There were no merger or acquisition expenses incurred in the disclosure year.

#### Value of the Regulatory Asset Base (Schedule 4)

In the box below, comment on the value of the regulatory asset base (rolled forward) in Schedule
 This comment must include information on reclassified items in accordance with subclause
 2.7.1(2).

Box 4: Explanatory comment on the value of the regulatory asset based (rolled forward)

The calculation of the Regulatory Asset Base was stated using the 31 March 2015 closing figure as a starting point with inflationary indexing over the year to 31 March 2016 plus additions less disposals.

No items were reclassified.

### Regulatory tax allowance: disclosure of permanent differences (5a(i) of Schedule 5a)

- 8. In the box below, provide descriptions and workings of the material items recorded in the following asterisked categories of 5a(i) of Schedule 5a-
  - 8.1 Income not included in regulatory profit / (loss) before tax but taxable;
  - 8.2 Expenditure or loss in regulatory profit / (loss) before tax but not deductible;
  - 8.3 Income included in regulatory profit / (loss) before tax but not taxable;
  - 8.4 Expenditure or loss deductible but not in regulatory profit / (loss) before tax.

Box 5: Regulatory tax allowance: permanent differences

The expenditure deductible but not in regulatory profit is the \$244k cost of easements which is a tax deductible expense.

Income included in regulatory profit / (loss) before tax but not taxable is the \$960k revaluations for the year.

There are no other permanent differences

### Regulatory tax allowance: disclosure of temporary differences (5a(vi) of Schedule 5a)

9. In the box below, provide descriptions and workings of material items recorded in the asterisked category 'Tax effect of other temporary differences' in 5a(vi) of Schedule 5a.

Box 6: Temporary differences / Tax effect of other temporary differences (current disclosure year)					
Capital Contributions:	\$	716			
	\$	716			
Tax Rate:		28%			
Temporary Differences	\$	201			

#### Related party transactions: disclosure of related party transactions (Schedule 5b)

10. In the box below, provide descriptions of related party transactions beyond those disclosed on Schedule 5b including identification and descriptions as to the nature of directly attributable costs disclosed under subclause 2.3.6(1)(b).

#### Box 7: Related party transactions

The OtagoNet Information Discolosures comprises of the OtagoNet Joint Venture and Electricity Southland Limited which are each owned 24.9% by Electricity Invercargill Limited and 75.1% by The Power Company Limited.

PowerNet Limited is a profit oriented limited liability company owned 50% by The Power Company Limited and 50% by Electricity Invercargill Limited. PowerNet Limited carries out project management and asset construction to develop OtagoNet Joint Venture's electricity network.

Peak Power Services Limited is 51.7% owned by PowerNet Limited and undertakes contracting services to maintain and develop the Electricity Southland Limited Network.

#### Cost allocation (Schedule 5d)

11. In the box below, comment on cost allocation as disclosed in Schedule 5d. This comment must include information on reclassified items in accordance with subclause 2.7.1(2).

#### Box 8: Cost allocation

All costs are directly attributable as all costs were either passed through by PowerNet Limited as agent or were invoiced to OtagoNet Joint Venture.

#### Asset allocation (Schedule 5e)

12. In the box below, comment on asset allocation as disclosed in Schedule 5e. This comment must include information on reclassified items in accordance with subclause 2.7.1(2).

Box 9: Commentary on asset allocation

All network assets are directly attributable.

### Capital Expenditure for the Disclosure Year (Schedule 6a)

- 13. In the box below, comment on expenditure on assets for the disclosure year, as disclosed in Schedule 6a. This comment must include-
  - 13.1 a description of the materiality threshold applied to identify material projects and programmes described in Schedule 6a;
  - 13.2 information on reclassified items in accordance with subclause 2.7.1(2),

Box 10: Explanation of capital expenditure for the disclosure year

The materiality threshold applied to identify programmes or projects during the disclosure year was \$100k.

No items were reclassified during the disclosure year.

### Operational Expenditure for the Disclosure Year (Schedule 6b)

- 14. In the box below, comment on operational expenditure for the disclosure year, as disclosed in Schedule 6b. This comment must include-
  - 14.1 Commentary on assets replaced or renewed with asset replacement and renewal operating expenditure, as reported in 6b(i) of Schedule 6b;
  - 14.2 Information on reclassified items in accordance with subclause 2.7.1(2);
  - 14.3 Commentary on any material atypical expenditure included in operational expenditure disclosed in Schedule 6b, a including the value of the expenditure the purpose of the expenditure, and the operational expenditure categories the expenditure relates to.

Box 11: Explanation of operational expenditure for the disclosure year

Reactive and minor maintenance is performed on OtagoNet transformers and lines that are classified as refurbishment and renewal maintenance when the work performed is not material in relation to the overall value of the asset.

No items were reclassified during the disclosure year.

There was no material atypical expenditure disclosed in Schedule 6b.

#### Variance between forecast and actual expenditure (Schedule 7)

15. In the box below, comment on variance in actual to forecast expenditure for the disclosure year, as reported in Schedule 7. This comment must include information on reclassified items in accordance with subclause 2.7.1(2).

Box 12: Explanatory comment on variance in actual to forecast expenditure

No items were reclassified during the disclosure year. Refer to each classification under point 13 and 14 above.

Capital Expenditure on Assets:

The actual expenditure on assets was 1% below budget.

Consumer connection:

• 58% overspend attributed to increases in new customer connections including rapid growth in the Frankton area.

System Growth:

• 40% overspent due to a major line rebuild carrying over from the previous year, additional line reinforcement work required, and rapid growth in the Frankton area.

Asset replacement and renewal:

• Only 66% of the budget spent due to line replacement and renewal work being deferred in favour of customer driven work in the System Growth and Customer Connections categories.

Asset Relocations:

• 8% overspend as a result of Council initiated undergrounding projects being carried over from the previous year.

Reliability, Safety and environment:

• Only 42% of the budget spent as a result of the deferment of projects and the concentration of resources on System Growth and Customer Connections.

Non-network Assets:

• 1% underspent which is a minor variation.

**Operational Expenditure:** 

Network opex was 16% above budget. Overall opex was 9% above budget.

Service interruptions and emergencies:

• 22% overspent due to a larger amount and higher cost of distribution faults than planned, and additional substation maintenance work carried out to repair a Ranfurly power transformer tap changer failure.

Vegetation management:

- 29% overspent due to a higher proportion of network funded vegetation control work being carried out than chargeable customer work.
- Routine and corrective maintenance and inspection:
  - 1% overspent which is a minor variation.
- Asset replacement and renewal:

• 5% underspent due to resources being diverted to customer driven CAPEX work. System Operations and Network Support:

• 4% underspent which is a minor variation representing \$21k less operation expenditure during the year.

Business Support:

• 2% underspent which is a minor variation

### Information relating to revenue and quantities for the disclosure year

- 16. In the box below provide-
  - 16.1 a comparison of the target revenue disclosed before the start of the disclosure year, in accordance with clause 2.4.1 and subclause 2.4.3(3) to total billed line charge revenue for the disclosure year, as disclosed in Schedule 8; and
  - 16.2 explanatory comment on reasons for any material differences between target revenue and total billed line charge revenue.

Box 13: Explanatory comment relating to revenue for the disclosure year

Target revenue for the 2015-16 year was \$34,149k. The total billed revenue for the 2015-16 year was \$34,753k, a 2% variation.

This is because the 2015 winter was a colder winter than the previous 2 winters, this resulted in additional variable line charge revenue due to the increased consumption over this period.

### Network Reliability for the Disclosure Year (Schedule 10)

17. In the box below, comment on network reliability for the disclosure year, as disclosed in Schedule 10.

Box 14: Commentary on network reliability for the disclosure year

The SAIDI assessed value for 2015/16 at 223.1 was well below the applicable Commerce Commission Limit of 254.9, and slightly below the Commerce Commission Target level (224.6) that represents the average performance of the network over the last ten years. The SAIFI assessed value for 2015/16 at 2.82 was below the applicable Commerce Commission Limit of 2.93, and above the Commerce Commission Target level of 2.52. Two wind storm events (in early October 2015 and in March 2016) contributed significantly to the assessed SAIFI value exceeding the Target level and to the SAIDI level approaching the Target level.

However in accordance with the Issues Register for Electricity and Gas Information Disclosure issues 447 and 458, OJV has disclosed normalised SAIDI/SAIFI calculated according to the 2012 EDB ID while disclosing limits calculated according to the 2015 DPP. The difference in methodology between the calculation of normalised SAIDI (278.1) and the calculation of the SAIDI limit (254.9) creates the misleading impression that OJV has exceeded its SAIDI limit. However as described above there is no exceedance when normalised SAIDI is calculated according to the 2015 DPP, so as to be consistent with the SAIDI limit.

Similarly, normalised SAIFI calculated according to the 2012 EDB ID (2.94) appears to exceed the SAIFI limit (2.93), but there is no exceedance when the normalised SAIFI is calculated consistently with the limit.

Network reliability is compliant with quality requirements under the default price-quality path, however there are inherent limitations in the ability of OtagoNet Joint Venture to collect and record the network reliability information required to be disclosed in Reports 10(i) to 10(iv). Consequently there is no independent evidence available to support the completeness and accuracy of recorded faults and control over the completeness and accuracy of installation control point ('ICP') data, included in the SAIDI and SAIFI calculations is limited throughout the year.

### Insurance cover

- 18. In the box below, provide details of any insurance cover for the assets used to provide electricity distribution services, including-
  - 18.1 The EDB's approaches and practices in regard to the insurance of assets used to provide electricity distribution services, including the level of insurance;
  - 18.2 In respect of any self insurance, the level of reserves, details of how reserves are managed and invested, and details of any reinsurance.

Box 15: Explanation of insurance cover

OtagoNet insures its substations, network equipment and buildings.

- Substations and network equipment are insured for \$52.8 million.
- Buildings are insured for \$20.5 million.

Lines and cables are un-insured; the cost of covering this risk through insurance is regarded as too expensive relative to the risk. This is particularly so in the context that an EDB can possibly recover prudent costs including rectifying for catastrophic events through the customised price path and claw back mechanisms.

OtagoNet does not self-insure and does not recognise the cost of self-insurance.

#### Amendments to previously disclosed information

- 19. In the box below, provide information about amendments to previously disclosed information disclosed in accordance with clause 2.12.1 in the last 7 years, including:
  - 19.1 a description of each error; and
  - 19.2 for each error, reference to the web address where the disclosure made in accordance with clause 2.12.1 is publicly disclosed.

Box 16: Disclosure of amendment to previously disclosed information

No amendments were disclosed.

## SCHEDULE 14A MANDATORY EXPLANATORY NOTES ON FORECAST INFORMATION

- 1. This Schedule requires EDBs to provide explanatory notes to reports prepared in accordance with clause 2.6.6.
- 2. This Schedule is mandatory—EDBs must provide the explanatory comment specified below, in accordance with clause 2.7.2. This information is not part of the audited disclosure information, and so is not subject to the assurance requirements specified in section 2.8.

Commentary on difference between nominal and constant price capital expenditure forecasts (Schedule 11a)

3. In the box below, comment on the difference between nominal and constant price capital expenditure for the current disclosure year and 10 year planning period, as disclosed in Schedule 11a.

Box 1: Commentary on difference between nominal and constant price capital expenditure forecasts

Inflationary assumptions were used to calculate the nominal prices in the forecast.

Commentary on difference between nominal and constant price operational expenditure forecasts (Schedule 11b)

4. In the box below, comment on the difference between nominal and constant price operational expenditure for the disclosure year, as disclosed in Schedule 11b.

Box 2: Commentary on difference between nominal and constant price operational expenditure forecasts

Nominal Prices are based on economic assumptions provided by Electricity Networks Association (ENA) on March 2014 as follows

	2016	2017	2018	2019	2020
Inflator (CAPEX)	2.1%	2.2%	2.4%	2.4%	1.5%
Inflator (OPEX)	3.1%	2.7%	2.3%	2.3%	1.9%

Forecasts are in line with the business plan projections and explanations outlined in the Asset Management Plan.

## SCHEDULE 15 VOLUNTARY EXPLANATORY NOTES

- 1. This Schedule enable EDBs to provide, should they wish to-
  - 1.1 additional explanatory comment to reports prepared in accordance with clauses 2.3.1, 2.4.21, 2.4.22, 2.5.1 and 2.5.2;
  - 1.2 information on any substantial changes to information disclosed in relation to a prior disclosure year, as a result of final wash-ups.
- 2. Information in this schedule is not part of the audited disclosure information, and so is not subject to the assurance requirements specified in section 2.8.
- 3. Provide additional explanatory comment in the box below.

Box 1: Voluntary explanatory comment on disclosed information
None.

### 6. AUDITORS' REPORT

## Independent Auditor's Report

To the Directors of OtagoNet Joint Venture and the Commerce Commission

# Assurance Report Pursuant to Electricity Distribution Information Disclosure Determination 2012

We have completed our assurance engagement of OtagoNet Joint Venture (the 'Company') compliance with the Electricity Distribution Disclosure Information Determination 2012 (the 'Determination') in preparing Schedules 1 to 4, 5a to 5g, 6a and 6b, 7, the SAIDI and SAIFI information disclosed in Schedule 10 and the explanatory notes in boxes 1 to 12 in Schedule 14 ('the Schedules') for the disclosure year ended 31 March 2016.

#### Directors' Responsibilities

The Directors are responsible for preparation of the Schedules in accordance with the Determination and ensuring the Company keeps records to enable the preparation of the Schedules that are free from material misstatement.

#### Our Independence and Quality Control

We have complied with the independence and other ethical requirements of Professional and Ethical Standard 1 (Revised) issued by the New Zealand Auditing and Assurance Standards Board, which is founded on the fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

The firm applies Professional and Ethical Standard 3 (Amended) and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

#### Auditors' Responsibilities

Our responsibility is to express an opinion on whether the Company has complied, in all material respects, with the Determination in the preparation of the Schedules for the year ended 31 March 2016 and report our opinion to you.

Our engagement has been conducted in accordance with ISAE (NZ) 3000, Assurance Engagements Other than Audits or Reviews of Historical Financial Information and SAE 3100 *Compliance Engagements* to obtain reasonable assurance that the Company has complied, in all material respects, with the Determination in the preparation of the Schedules for the year ended 31 March 2015.

The procedures we performed were based on our professional judgment, including assessment of the risks of material misstatement in the Schedules, whether due to fraud or error. In making those risk assessments, we considered internal controls relevant to the Company's preparation of the Schedules to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Our procedures included analytical procedures, evaluating the appropriateness of assumptions used and whether they have been consistently applied, and agreement of the Schedules to, or reconciling with, source systems and underlying records. We included an assessment of the significant judgements made by the Company in the preparation of the disclosure information and also evaluated the overall adequacy of the presentation of supporting information and explanations.

#### Use of Report

This report has been prepared for the Directors of the Company in accordance with clause 2.8.1(1) of the Determination and is provided solely to assist you in establishing that compliance requirements have been met. We acknowledge that the Directors will provide the report to the Commerce Commission in accordance with clause 2.8.1(1)(a) of the Determination.

The report has been prepared in accordance with the scope and terms of our letter of engagement with the Company dated 27 May 2016. The terms and conditions are attached and form part of this report and are applicable to the Commerce Commission. Our report should not be used for any other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility for any reliance on this report to anyone other than the Directors, or for any purpose other than that for which it was prepared.

#### Inherent Limitations

Because of the inherent limitations in evidence gathering procedures, it is possible that fraud, error or non-compliance may occur and not be detected. As the procedures performed for this engagement are not performed continuously throughout the year and the procedures performed in respect of the Company's compliance with the Determination are undertaken on a test basis, our engagement cannot be relied on to detect all instances where the Company may not have complied with the Determination. The opinion expressed in this report has been formed on the above basis.

#### Independence

Other than this engagement, the annual audit of the Company's financial statements, assignments in the areas of compliance with other regulatory requirements of the Commerce Act 1986 and in the provision of other professional advisory services, we have no relationship with or interests in the Company or any of its subsidiaries. We are not aware of any relationship between our firm and OtagoNet Joint Venture that, in our professional judgment, may reasonably be thought to impair our independence.

#### Basis for Qualified Opinion on Schedules 10(i) to 10(iv)

As described in Box 14 of Schedule 14, there are inherent limitations in ability of the Company to collect and record the network reliability information required to be disclosed in Schedules 10(i) to 10(iv). Consequently there is no independent evidence available to support the completeness and accuracy of recorded faults and control over the completeness and accuracy of interconnection point ('ICP') data included in the SAIDI and SAIFI outage statistics is limited throughout the year.

There are no practical audit procedures that we could adopt to confirm independently that all the outage and ICP data was properly recorded for the purposes of inclusion in the amounts relating to SAIDI and SAIFI outage statistics set out in Schedules 10(i) to 10(iv). Because of the potential effect of the limitations described above, we are unable to form an opinion as to the completeness and accuracy of the data that forms the basis of the compilation of Schedules 10(i) to 10(iv). In these respects alone we have not obtained all the recorded evidence and explanations that we have required.

#### **Qualified** Opinion

In our opinion, except for the matters described in the Basis of Qualified Opinion paragraph above:

- As far as appears from our examination, proper records have been kept by the Company to enable the complete and accurate compilation of the Schedules;
- The information used in the preparation of the Schedules has been properly extracted from the Company's accounting and other records and has been sourced where appropriate, from the Company's financial and non-financial systems; and
- The Company has complied, in all material respects, with the Determination in preparing the Schedules.

Except for the matters described in the Basis of Qualified Opinion paragraph above, obtained sufficient recorded evidence and all the information and explanations that we have required.

### 7. DIRECTORS' CERTIFICATES

Schedule 18: Certification for Year-End Disclosures

Clause 2.9.2

We, Alan Bertram Harper and Neil Douglas Boniface, being governing committee members of OtagoNet Joint Venture certify that, having made all reasonable enquiry, to the best of our knowledge-

- a) the information prepared for the purposes of clauses 2.3.1, 2.3.2, 2.4.21, 2.4.22, 2.5.1, 2.5.2; and 2.7.1 of the Electricity Distribution Information Disclosure Determination 2012 in all material respects complies with that determination; and
- b) the historical information used in the preparation of Schedules 8, 9a, 9b, 9c, 9d, 9e, 10, and 14 has been properly extracted from OtagoNet Joint Venture's accounting and other records sourced from its financial and non-financial systems, and that sufficient appropriate records have been retained.

In respect of related party costs and revenues recorded in accordance with subclauses 2.3.6(1) (when valued in accordance with clause 2.2.11(5)(h)(ii) of the Electricity Distribution Services Input Methodologies Determination 2010), 2.3.6(1)(f) and 2.3.7(2)(b), we certify that, having made all reasonable enquiry, including enquiries of our related parties, we are satisfied that to the best of our knowledge and belief the costs and revenues recorded for related party transactions reasonably reflect the price or prices that would have been paid or received had these transactions been at arm's-length.
