

# Thank You To Everyone From

## Ranfurly-Paerau Outages

Dear Electricity Customer,

**We would like to again thank you for your patience during the 33kV upgrade on the Ranfurly-Paerau line.**

In completing the work there were more than 30 short shutdowns between 11 June 2020 and 8 October 2020.

While these were short, we understand the effect these can have on the day to day running of your respective properties.

We greatly appreciate your support during this time as this important network upgrade work was completed.

Yours faithfully,

**Jason Franklin**  
Chief Executive
