

Pursuant to the Electricity Distribution Information Disclosure Determination 2012, OtagoNet Joint Venture hereby gives notice that the following line charges will apply for Installation Control Points (ICPs) as from 1 April 2022.

The new and existing line charges for ICPs in the OtagoNet area are shown below. Changes to prices are driven by an increase in Transmission and Distribution charges.

The line charges do not include metering charges and are GST exclusive.

Further information relating to line charges can be found at the following web URL <https://powernet.co.nz/disclosures/lakeland-network/all-line-charges/>

Electricity consumers should note that these are the line charges as charged to the electricity retailers. Individual electricity retailers will make their own decisions whether to adjust their retail prices to consumers to reflect any changes in the line charges.

Standard Residential Connections				New Prices Effective from 1 April 2022			Current Prices Effective to 31 March 2022		
				\$ Per Day			\$ Per Day

Residential definition - a residential consumer is where the consumer's metered point of connection to the network is for the purposes of supplying a home (the principle place of residence of the consumer), not normally used for any business activity and not used as a holiday home or out building. The connection must meet the definition of "Domestic premises" under Section 5 of the Electricity Industry Act 2010.

Control Period Demand (CPD) - each general connection ICP greater than 2kVA will have an individually assessed kW demand level calculated each year. The annually assessed CPD level will be effective from 1 April each year.

Losses 400V

Loss Code LLNW02	Loss Factors	Loss Code LLWN01	Loss Factors
Winter Day	1.067	Winter Day	1.0000
Winter Night	1.067	Winter Night	1.0000
Summer Day	1.067	Summer Day	1.0000
Summer Night	1.067	Summer Night	1.0000

Summer/Winter

Winter - 1 May to 30 September
Summer - 1 October to 30 April

Notes

+ Unmetered connection.

++ Unmetered Builders Temporary Supply must have 20A MCB fitted to switch board.
