AWARUA NETWORK PROJECT
Notice of Construction Works – Mill Road South

Dear customer,

We're getting in touch to let you know that further work for the Awarua Network Project will be happening in your area from Monday 18 August until Friday 22 August.

What's happening?

We will be restringing the existing 11kV line as part of the upgrade and this needs to be completed prior to the helicopter stringing the line along the new power poles of the 66kV line.

What to expect

- **Access:** Traffic management will be in place. There will be a lane closure to enable work to be undertaken safely. Access to your property will be available.
- **Power outages:** Brief outages (under 30 seconds) will occur between **6.30-7.30am** and **5.00-6.00pm** each day in areas where machinery is operating, to safely switch properties between generator supply and the network

We appreciate your patience and support as we deliver this important upgrade to the electricity network. If you have any questions or specific concerns, you can contact us via email at awarualine@powernet.co.nz, or by contacting a PowerNet team member on 027 233 6016

For more information about the Awarua Network Project, please visit www.powernet.co.nz/current-projects.

Regards,

The PowerNet Team

Customer service is important to us at PowerNet. If for any reason, we do not meet your expectations we would like the opportunity to work through a solution with you, please call our office on 03 2111899. If we are unable to resolve your concern, there is a free and independent resolution service available through Utilities Disputes Limited www.udl.co.nz
