AWARUA NETWORK PROJECT
Notice of Construction Works – Mill Road South

Dear customer,

We're getting in touch to let you know that further work for the Awarua Network Project will be happening in your area on Thursday 25 September 2025.

What's happening?

This is to hang the line on a final piece of the Awarua line that could not be done by helicopter. While most of the major work on this line is complete, we may also need to return in the near future to complete some final pieces of work.

What to expect

- **Access:** Traffic management will be in place. Mill Road South will be closed between Oteramika Road and Mason Road. Residents will continue to have access.
- **Power outages:** We will be providing generator power while we complete this work. You can expect brief outages (under 30 seconds) between **6.30-7.30am** and **4.00-6.00pm** to safely switch properties between generator supply and the network

We appreciate your patience and support as we deliver this important upgrade to the electricity network. If you have any questions or specific concerns, you can contact us via email at awarualine@powernet.co.nz, or by contacting a PowerNet team member on 027 233 6016

For more information about the Awarua Network Project, please visit www.powernet.co.nz/current-projects.

Regards,

The PowerNet Team

Customer service is important to us at PowerNet. If for any reason, we do not meet your expectations we would like the opportunity to work through a solution with you, please call our office on 03 2111899. If we are unable to resolve your concern, there is a free and independent resolution service available through Utilities Disputes Limited www.udl.co.nz
